TROJAN HORSEMEN FEATURE ACT AT FINA-CAF AIRSHO®

Featured act will be the Trojan Horsemen – a team of six T-28 aircraft performing precision formations and aerobatics. The routine is a patriotic tribute to the United States Armed Forces, choreographed to music with narration and includes a stirring Missing Man formation pass. The T-28 is a large, crowd-pleasing fast and loud Warbird with a 1,425 horsepower radial engine, and the Trojan Horsemen are the only six-ship T-28 demo team in the country. The planes have smoke systems and sport authentic Air Force and Navy paint schemes to compliment the patriotic theme.

“As fellow warbird owners and operators, we enthusiastically support the mission of the CAF to preserve these historic military aircraft”, said Jim Stitt, the team’s managing member. “We are honored to be able to perform at this year’s show to pay tribute to the United States Armed Forces and the veterans whose sacrifices paid for our freedom.”

The twelve-member team consists of former military fighter pilots, instructors, airline pilots and experienced civilian air show pilots with more than 200 years of combined experience and unblemished safety records.
